The key for SUMLEV is as follows:

310 = Metropolitan Statistical Area/Micropolitan Statistical Area

The key for DATE is as follows:

1 = 4/1/2020 population estimates base

2 = 7/1/2020 population estimate

3 = 7/1/2021 population estimate

Notes: The estimates are developed from a base that incorporates the 2020 Census, Vintage 2020 estimates, and 2020 Demographic Analysis estimates. Median age is calculated based on single year of age. For population estimates methodology statements, see <https://www.census.gov/programs-surveys/popest/technical-documentation/methodology.html>. The estimates feature geographic boundaries from the Vintage 2020 estimates series; the geographic boundaries for these 2021 population estimates are as of January 1, 2020. The Office of Management and Budget's statistical area delineations for metropolitan and micropolitan statistical areas are those issued by that agency in March 2020.
